

## **Dave Rouse**

Nickie and I have been associated with the Park now for 4 years.

We started out camping in a tent for two years then purchasing share 30.

I have three girls who along with Nickie and myself thoroughly enjoy our time at the Park and all it has to offer. We have made some great new friendships.

We run our own business, which has been operating since 1986. I joined in 1987 and then purchased it from my parents in 2011. I am keen to be involved more in the Park and feel the time is right to put my name forward.

I believe I can offer a lot to the Board with my experience in running my own business. I am very passionate about the Park and look forward to serving you if elected.
